

Education Committee

Dear Badger Chapter Members:

The Education Committee is proud to announce the 2009 Badger Chapter Education Calendar. Within this calendar year we have directly covered 8 out of the 10 competency areas required by National CMAA. The remaining two are touched on and will be covered in greater detail at the Midwest Regional Education Forum.

CMAA Competency Areas:

Leadership
Interpersonal Skills
Club Governance
Accounting & Financial Management
Human & Professional Resources
Golf, Sports & Recreation Management
Food & Beverage Management
Membership & Marketing
External & Governmental Influences
Facilities Management

In 2009 we have continued to reach out to our allied associations such as HFTP and WRA and have planned some interesting events including the "field trip" to The Boelter Company.

We have also introduced a number of first time and fresh speakers as well as one tried and true speaker.

I encourage you to join us in 2009, and to invite your managers, staff, and Board Members as we continue to increase our professional skills and expertise in this diverse field.

Sincerely,

Jon Kruse, CCM
