

Survey conducted: 3/2009

111 members were polled; 13 replied

Who does your club use for membership surveys?

Survey Monkey - easy to set up, results are easy to track and the cost is \$20 a month.

All membership surveys are compiled in house.

We have used the McMahon group and Tom Faust.

We do not do surveys.

We do ourselves through our website provider.

Created by us and sent through snail mail.

We do one every spring and fall with same questions that are based on a 5 point scale and compared from year to year.

Members First.

We do our surveys internally. Usually a committee works to put them together based on what we are trying to determine

We do it ourselves every fall.

No one.

We currently design and send by mail any surveys but are now aware of the survey portion of our Jonas website.

McMahon Group is the best!
